# ABOUT FOUNDER

Adventurer Treks and Tours was founded by Mr. Omar Javaid, who has deep love for traveling. The journey of attachment towards tourism began in childhood when he used to visit hills of Murree frequently with his family. He always aspired to explore scenic and adventurous locations that few people frequently visited.

Over time, he gained college admission and embarked on a college tour, exploring various regions of Pakistan. He soon realized that his love for tourism was intractable, having been confined for a long time. As a travel enthusiast, he has experienced camping under the sky and trekking, preserving many special memories in his heart.

His passion for travel extends beyond Pakistan, encompassing trips to Dubai, Malaysia, Thailand, and Turkey, UK and dozen more countries to satisfy his thirst for international experiences. The founder of ATT aimed to expand his travels, transforming his passion into a profession. ATT, established in 2009, aims to offer top-notch tourism services to travel enthusiasts.
